At **TJX Cargo**, our vast global network ensures your shipments reach every corner of the world efficiently and reliably. With a strong presence in key international markets and trusted global partners, we offer seamless solutions tailored to your logistics needs.

Whether shipping small or large consignments, **TJX Cargo** leverages its extensive network to provide timely, secure, and cost-effective services, supported by our dedicated team who will proactively track and keep you informed about your shipment's progress. With expert support and comprehensive customer care, our global reach ensures that your cargo is always in safe hands, delivering peace of mind as your business expands worldwide.

With **TJX Cargo**, you can confidently navigate the complexities of international shipping, knowing we are with you at every step. Our network's reliability and scope make us the ideal partner for your global logistics requirements.

# Global Network Reach

# Our Ocean Services

Achieve the perfect balance of time, cost, and confidence for your sea shipments, whether small or large, all year round.

Experience comprehensive, cost-effective logistics services designed to add more value to your business.

With **TJX Cargo**, you get enhanced visibility for complete peace of mind. Track all your shipments in real-time, at every stage of transit, and stay informed every step of the way.

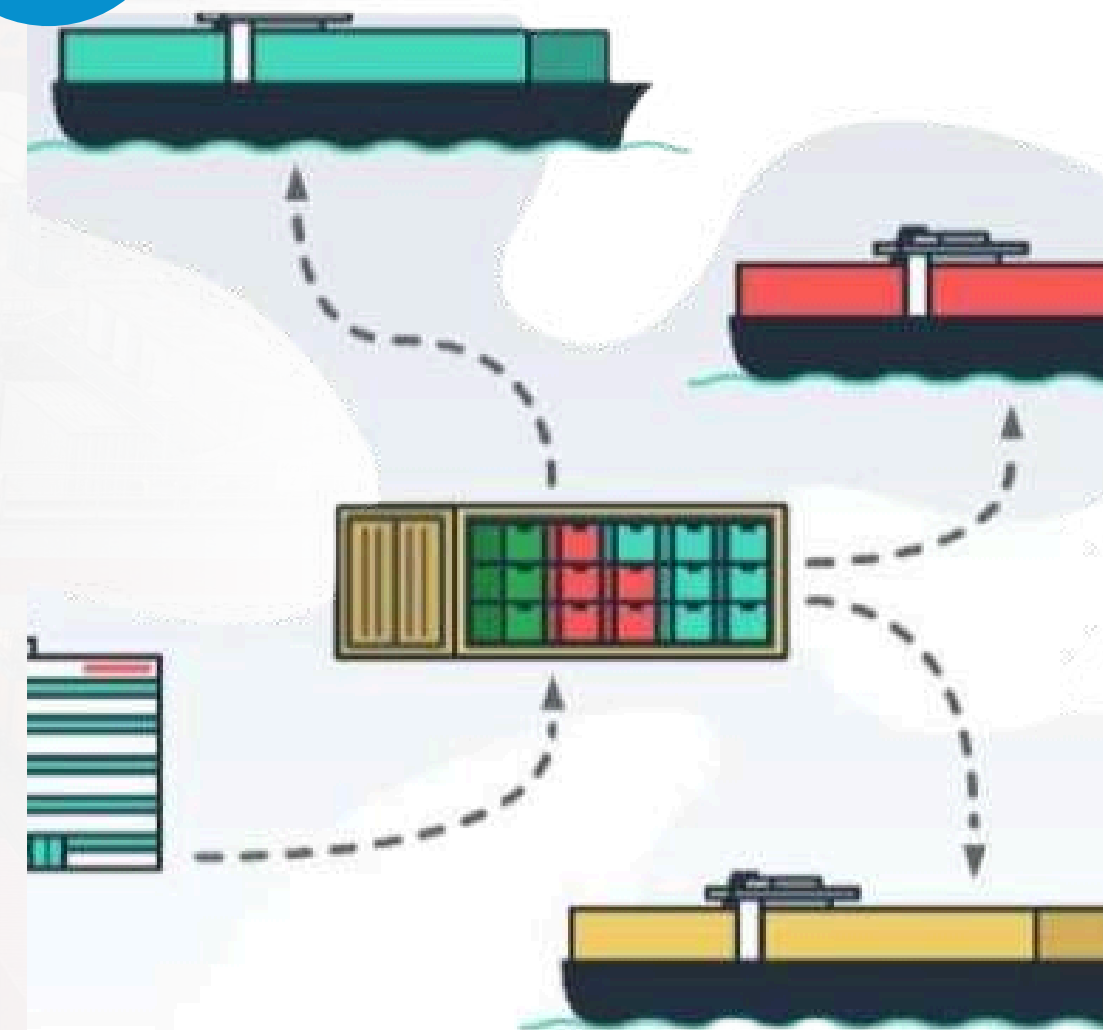

## LCL - Ship Any Amount

Only Pay For The Space  
You Use

Don't wait to fill a full container—save time and money now. Pay only for the space you need and never lose track of your cargo with our robust Less-than-Container Load (LCL) network, all managed through the **TJX Cargo** Platform.

With origin-to-destination coverage, the **TJX Cargo** Platform ensures you can find a reliable LCL option that meets your budget, schedule, and expectations, making your logistics more efficient and cost-effective.

# Our Air Freight Services

When speed is critical, **TJX Cargo** takes you from order to uplift in no time. With the **TJX Cargo**, you can track goods in transit and collaborate effortlessly, all in one place. Say goodbye to outdated turbulence and streamline your supply chain.

Enjoy a one-stop airfreight solution with competitive rates, 24/7 support, and complete end-to-end visibility, ensuring your shipments are handled efficiently and on time.

# Our Road & Rail Freight Services

**TJX Cargo** Transport Capabilities extend far beyond ocean lanes and ports. We offer comprehensive land transport and door-to-door services, providing a seamless logistics solution with a single point of contact. This ensures you receive cost-effective and efficient services that add more value to your business.

Whether by road, rail, or barge, every aspect of **TJX Cargo** transportation is handled with precision. We maintain strict selection processes to ensure that every carrier meets our high standards, guaranteeing safe and timely delivery for your cargo.

# Custom Clearance

Own license and team, can operate at all ports and ICDs. Our Customs Clearance team is a group of dedicated, highly specialized professionals with over a decades of experience in customs clearance, compliance, supply chain advisory services and related logistics services. With offices near all the major Indian ports, we solve problems before they arise and keep your shipments moving

**Our clients consider us a critical link in their supply chain. Because we make Customs Clearance & Compliance hassle free and stress free—the way it should be.**
